Our Wines – Winemaker

Darryl Brooker believes that winemaking should be unrushed and that the life of any great wine begins in the vineyard. He has selected wines that enhance the enjoyment of Chef Dodd's seasonally inspired menus.

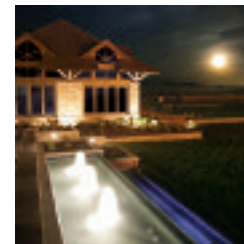

The Winemaker's Lookout –

This seasonal space provides a stylish wine country environment with stone fireplaces and spectacular views of the Backyard Vineyard and Niagara Escarpment. Suited for groups with up to 32 guests.

The Studio – a private dining space within Hillebrand Winery Restaurant that showcases original works of art appearing on our *Artist Series* wines. Ideal for groups with up to 30 guests.

The Vineyard Pavilion –

Floor to ceiling windows allow guests to experience dining amongst the vines. In season, the windows disappear allowing guests to dine al fresco. Suited for groups with up to 125 guests.
